

BENSON IGNORES SENATE DEMANDS TO QUIT

POLIO PENNY PARADE QUEEN for 1956 is Miss Kay Stone, Galatia high school student who was crowned at last night's session of the Saline county basketball tournament. Miss Stone is seen sitting on her throne at Davenport gym, surrounded by her attendants, the queens selected by the three other schools. Galatia outdid Harrisburg, Eldorado and Carrier Mills in March of Dimes collections and thus the school's candidate was named the queen. In the picture are (left to right) Elaine Smith, Carrier Mills candidate; Faye Williams, Eldorado candidate; Miss Stone; Judy Stout of Eldorado, crown bearer; and Judy C. Hicks, Harrisburg candidate. (Daily Register Staff Photo)

Collect More Than \$1,600 for March of Dimes in Penny Parade

**Miss Kay Stone
Of Galatia is
Crowned Queen**

The Queen reigned and the pennies poured last night at the Saline county basketball tournament in Davenport gym, where the second annual Penny Polio Parade was held at the third annual tournament. More than \$1,600 was collected for the March of Dimes.

Winner of the competition was Galatia high school, which beat out Carrier Mills, Harrisburg and Eldorado in the contest to see which school could collect the largest amount of money in proportion to its enrollment, the money to be given to the county March of Dimes drive.

Galatia was out in front with collections totalling 200 per cent of its quota. Galatia Girl Crowned

Thus the Galatia Polio Queen candidate, Miss Kay Stone, was crowned at a fitting ceremony be-

Storm Brings Snow, Drizzle To the Midwest

By United Press

The worst storm in 20 years on the West Coast moved eastward today and brought snow and freezing drizzle to the Midwest, leaving the Los Angeles area with the severest flood it has experienced.

The West Coast was warned to expect another storm, possibly by Monday, after a week end respite from the drenching rains of the past month.

Two to three inches of new snow fell in northern Minnesota Friday. Highways in mountain areas of Wyoming and Colorado were blocked or very hazardous because of heavy snows.

Freezing drizzle created dangerous conditions in northern Iowa and southern Minnesota.

Rain fell in a band running north and south over the Mississippi Valley and the Eastern Plains and drizzle dampened Missouri, eastern Kansas, eastern Nebraska and southern Iowa.

Fire Blamed on Rain

A \$3 million fire at the giant Ford assembly plant at Los Angeles-Long Beach Harbor Friday was blamed on a flash "floodwater" that followed a day of heavy rain. The rain was part of the worst storm in 20 years in southern California.

A series of explosions started the fire. Burning gasoline floating on the flood waters rapidly spread the blaze.

Several persons were burned, but not seriously.

The explosions were believed to have resulted from water short-circuiting electrical pumps that had been operating 36 hours straight to hold flood waters out of the plant.

tween the two basketball games.

John Schork, HTHS faculty member, was master of ceremonies for the event.

First part of the ceremony saw a combined Legion-VFW Color Guard composed of Bob Barbre, Harry Dutton, Alvin Short, Albert Short Jr., Lyman Partain, Robert Moore, Lowell Hill, Leroy Cox, Bob Hull, Tom Payne, Glenford Owens, Norman Shewmake, Ivery Knowles, Paul Hull, Merle Dailey and Uless Morris march in and take its place back of the queen's throne.

Mr. Schork announced that the combined amount collected by the four schools was \$1,538 and introduced the queen candidates of the four schools, who took their places around the throne.

First to enter was Miss Faye Williams of Eldorado. Miss Judy C. Hicks of Harrisburg came next and Miss Elaine Smith of Carrier Mills was third. Next to enter was Miss Stone, who was announced as the queen.

Money Weighed

Crown bearer was Miss Judy Stout, young daughter of Mr. and Mrs. Henry Stout of Eldorado, who suffered polio. She placed the crown on the head of Miss Stone.

Boys from the schools then brought their collections and poured the money at the feet of the queen.

Collections from the stands added approximately \$100 to the \$1,538 school total.

The counting of the pennies this year was faster than last. In 1955 the money was counted, a job lasting for hours. This year \$100 in pennies were counted and weighed, the weight checking at 67 pounds, 14 ounces. The remainder of the pennies was weighed. The money was shipped to the Federal Reserve bank in St. Louis through the First National bank of Harrisburg.

**J. W. Howell, 64,
Former W. Frankfort
Businessman, Dies**

J. Will Howell, 64, former prominent West Frankfort businessman and civic leader, died Thursday at 10 a. m. at the Medical Center in Tucson, Ariz. He moved to Arizona for his health in 1946. Death was due to a paralytic stroke.

Mr. Howell was an ordained Baptist minister and served for a time as moderator of the Illinois Baptist State association. He was also a member of the Illinois State Senate. In West Frankfort he established the Howell Insurance agency which is still operated under his name by his daughter, Mrs. L. Gobel Patton, who is in partnership with her brother-in-law, Roy Patton.

He is survived by his wife, who is quite ill, suffering the effects of a hip fracture, and four children: Mrs. L. Gobel Patton, West Frankfort; J. William Howell, Alexandria, Va.; Mrs. Harold D. McGhee, and Jack Howell, both of Tucson, Ariz.

Mrs. Kressa Church, 81, Dies at Her Home Near Equality

Mrs. Nora Church, 81, wife of Kressa Church, died at 11:30 last night at her home on Equality RFD 1 near Sulphur Springs church. Death followed a lingering illness.

Mrs. Church was for many years Register correspondent for the Sulphur Springs community.

Besides her husband she leaves four children: Mrs. W. A. Godbey, Eldorado, Mrs. Ruby VanAlstyne, Detroit, Mich., Ralph Church, Detroit, Mich., and Clyde Church of St. Petersburg, Fla.; one sister, Mrs. Ida Upchurch, Detroit, and a half sister, Mrs. Lura Hine, Eldorado.

The body lies in state at the Gibbons funeral home and funeral plans will be announced later.

Report Mother Wins Fight Over Son's Will

CHICAGO (U.P.)—The mother of Montgomery Ward Thorne, who believes her son was murdered, is reported to have won a victory in the settlement of his two million dollar estate, the bulk of which was to go to his fiancée.

The young mail order heir was found dead in his Near North Side apartment in 1954 amid evidence of a sex-narcotics party. Police discovered a hypodermic needle, a heroin capsule and a woman's girdle in a search of the apartment.

A coroner's jury ruled that young Thorne, 20, died as a result of pneumonia.

The youth's will touched off a bitter court battle between his mother, Mrs. Marion Thorne, who was virtually disinherited, and his fiancée, Maureen Ragen, 19, and her mother, Mrs. Aleen Ragen. Maureen was to get one-half and her mother one-fourth of the estate.

Mrs. Thorne sued to break the will, which was 10 days old at the time of young Thorne's death, in favor of one made when he was 18, naming his mother as chief beneficiary.

Mrs. Thorne's attorney, Bartlett S. Marmion, confirmed that the principals in the suit were "reasonably close" to a settlement, but refused to confirm or deny a report that the Ragen's had agreed to settle for \$300,000.

At the same time, Mrs. Thorne announced that she will ask a private detective to continue the investigation of her son's death.

Artificial Kidney Fails After Three Weeks, Patient Dies

MINNEAPOLIS, Minn. (U.P.)—Robert B. Hayes, 36, Lincoln, Neb., who was kept alive at University of Minnesota hospitals more than three weeks by means of an artificial kidney, died Friday.

Hayes accidentally drank antifreeze on New Year's Day. The chemical so damaged his kidneys that they ceased functioning.

Swiss Speaker Tells Customs To Dinner Club

A vivid description of the folklore, customs, costumes and high standard of living in Switzerland was given to members of the Southern Illinois Dinner club last night by Toni Gauer, a native Swiss. The dinner club meeting was held at the Kurto Country club.

Mr. Gauer, who gave his address in one of the native Swiss costumes and played folk songs on various Swiss instruments, described Switzerland as basically a hard-working country, although it is thought of as the playground of the world.

Its chief industry, he said, is making heavy machinery. The second most important is Swiss watches; it also is important in manufacture of chemicals and pharmaceuticals and was the first maker of DDT. But, he said, the small nation of 5,000,000 people must import all raw materials, and to keep up its high standard of living, the nation depends on tourists and international banking.

The country, he said, is made up of variations of climates, religions, languages and viewpoints. It maintains its neutrality with a strict tolerance of others and respect for each other in Switzerland as well as the rest of the world.

The Swiss have freedom, free government, partly copied after the United States, free education and free enterprise. Without these Switzerland could not have attained its high standard of living, Mr. Gauer said.

He appealed to Americans, who have these freedoms, to learn that other people are proud of being themselves. Don't try to change them, he said. Be human and understanding of other people that by example they will strive to attain your own standards.

Mr. Gauer entertainingly played Swiss tunes, sang the folklore songs of his country and had the dinner club members join in on yodeling. His pleasing personality was very much enjoyed by those present.

Sebe Kelly of Eldorado, newly elected president of the club, presided at the meeting.

T. Leo Dodd of Eldorado gave the invocation and Rev. W. E. Hanagan gave the closing prayer. The next meeting will be held Wednesday evening, Feb. 22, at which time Robert Kazmayer will be the guest speaker. Kazmayer will be a return speaker and one of the best ever to appear on the Dinner club programs.

Wright Decides He Will Run For Governor

SPRINGFIELD (U.P.)—State Treasurer Warren E. Wright announced today he will run for governor in the April 10 Republican primary against Gov. William G. Stratton.

Wright had planned to make his announcement to run for governor in the April 10 Republican primary instead of secretary of state shortly before the noon deadline for withdrawal of nominating petitions. But he announced his decision in Chicago where he went Friday with Mrs. Wright.

Edward J. Lonergan, one of Wright's campaign managers, then made the announcement here.

In a statement, Wright said petitions circulated for his candidacy for governor and secretary of state had carried more than 150,000 signatures but indicated a preference that he run for governor. He said most of his friends had also urged him to run for governor.

Wright also said he was in favor of an "open primary and opposed to any 'team or hand-picked ticket' either by the governor or the mayor of Chicago.

This referred to Stratton's endorsement of Republican incumbents for state office and Mayor Richard J. Daley's support of the state picked by Democratic party committees.

Stratton's endorsement of the incumbent GOP "team" left out Wright who cannot succeed himself as state treasurer and who planned originally to run against Secretary of State Charles F. Carpenter.

The 63-year-old treasurer has run against both Stratton and Carpenter in previous primaries, and lost to both.

In the 1952 primary he lost to Carpenter for secretary of state by only 6,445 votes.

In 1950, both Stratton and Wright were on the ballot for state treasurer, but Wright did not make an active campaign and ran far behind Stratton, 290,242 votes to 61,103.

Mothers to Collect March of Dimes Funds Monday

Citizens of Harrisburg are again reminded to open up their hearts—and their pocketbooks—to an army of marching mothers who will call on them Monday evening from 4:30 to 5:30 for contributions to aid the fight against infantile paralysis.

Funds raised during the Mother's March will be used to aid those now suffering from the disease, as well as to push anti-polio research. Scientists still are seeking to improve the Salk vaccine.

In addition to seeking contributions for patient aid and research, the marching mothers will also raise funds to train specialists needed to treat patients suffering from polio.

"There is a critical shortage of physical therapists and other professionals who play a vital role in helping polio patients in their battle for recovery," Mrs. Ed Bartley, chairman of the March, said.

Funds raised during the Mothers March will help to fill this shortage through the March of Dimes professional education program.

PENNIES BY THE POUND—Following the Polio Penny Parade ceremonies on the floor of Davenport gym last night came the task of sacking the money so it could be banked. Instead of counting all the money, officials of the fund raising event were notified the bank would accept the money by weight, providing accurate scales were used. One hundred dollars in pennies were counted and weighed on scales from the post office. This was repeated. Both times the weight was recorded as 67 pounds, 14 ounces. The remainder of the more than \$1,500 in pennies was weighed out. First pennies were shovelled into the sacks, then as the weight was nearly reached, the pennies were dropped in one at a time. Watching the proceedings are Curtis Small, secretary of the Saline County Chapter for Infantile Paralysis; "Stopper" Adams, Harrisburg March of Dimes chairman; Harry Lowell Harper, postal employee checking the scales; Merle Dailey, Lowell Hill and Bob Hull, American Legion members. Legion and VFW members actively participated in the penny parade. (Daily Register Staff Photo)

OIL REPORT: New Producers in Tate, Raleigh and Eldorado Townships During Week

Taken from the Robertson Tri-State Oil Report

C. E. Brehm got an oil well in Tate, John Buchanan and C. E. O'Neal one in Raleigh township, and Inland and W. C. McBride one in Eldorado township in Saline county activity during the period ending Jan. 25.

Brehm's Shaw No. 1, SWc NW SW, 30-7s-5e, made a well in the Aux Vases with initial production 92 barrels per day after fracture.

Another Aux Vases producer was the Buchanan-O'Neal Dick Gann No. 1, NWc SE NE, 20-8s-6e, which had initial production of 128 barrels of oil and 31 of water per day on pump.

The Inland and McBride Clyde Koker 2-A (twin), 430 feet south and 330 feet east of the NWc SW SW, 11-8s-7e, had initial production of 70 barrels of oil a day from the Waltersburg.

Dry was Waggoner's and Blenc-

ci's Cross No. 1, SWc SW SE, 12-9s-6e (Cottage). It was drilled to 2710.

Other activity: John R. Coombs' J. Arthur Wintzer No. 1, NWc SW SW, 21-9s-7e, was placed on pump to test the Cypress.

Brehm's Shaw No. 2, SEc NW SE, 30-7s-5e, awaited cable tools to test the Aux Vases. His Williams-IC No. 1, SWc NE SW, 30-7s-5e, also awaited cable tools to test the Aux Vases.

Ivan White's Williams No. 3, NWc SE SW, 30-7s-5e, was on pump testing the Aux Vases.

VS & S Drilling company's Farley Heirs 1-A, 260 feet north and 330 feet east of SWc NE SE, 6-8s-5e (Galatia), was drilling past 2339.

Delwood's Lewis No. 2, NWc SW NW, 15-8s-5e, awaited cable tools to test the Aux Vases.

Tokyo Rose Leaves Prison After Serving Six Years; To Be Deported

ALDERSON, W. Va. (U.P.)—Tokyo Rose walked out of prison today to face an uncertain future and possible deportation from the country she betrayed in World War II as a Japanese propagandist.

American-born Mrs. Iva Toguri D'Aquino had served six years and two months of the 10-year sentence she had received for attempting to shatter the morale of American servicemen in the Pacific.

She took with her a warrant ordering her to appear at a hearing in Chicago at an undisclosed date to determine whether she should be permitted to remain in the United States.

"All I ask is a 50-50 chance to get back on my feet," Tokyo Rose told shivering reporters in a sexy voice that must not have changed since she used it to mouth propaganda for the Japanese.

Tokyo Rose left the Women's Federal Reformatory at 6:15 a. m. EST in a black sedan driven by her brother, Fred Toguri, in an attempt to dodge reporters.

But newsmen and representatives of radio and television stations had gathered outside the prison walls for an hour before she emerged and flashbulbs popped in the darkness.

"It's nice to be on the outside," Tokyo Rose said.

She talked 10 minutes and appeared to be in excellent spirits; although she was uncertain about her future.

Rose, a native of Los Angeles and graduate of the University of California, said her views had not changed but she refused to discuss them.

She said she had worked as a secretary in the prison hospital during her imprisonment but had been treated "fine" and got along well with other inmates.

"I have no complaints," she said. Tokyo Rose said she had often talked with Mildred Fisk, known as "Axis Sally" and who is serving a sentence for treason for broadcasting propaganda to American servicemen. She refused to discuss the nature of their conversation.

In addition to her brother, she was met by her father, Jun Toguri, and sister Inez.

She had hoped to fade into obscurity as an assistant to an American dentist or doctor but the gov-

Iva (Tokyo Rose) D'Aquino

ernment already had taken steps to banish her from this country.

A U. S. Immigration Service official handed her a warrant, on the eve of her parole from the woman's federal reformatory, charging she was an "undesirable" resident of the United States.

She will be permitted to go to Chicago, where a deportation hearing will be held. If she is ordered deported, she probably will go to Japan, where her husband, Philip D'Aquino, a Portuguese, lives.

However, no country has to take her, and she could spend the rest of her life sailing around the seas with no place to land.

Technically, the United States will have control over her until her parole expires on Nov. 18, 1959.

Tokyo Rose went to Japan in July, 1941, shortly after graduating from the University of California. While visiting her aunt and uncle, World War II broke out.

Eden to Arrive Monday

WASHINGTON (U.P.)—British Prime Minister Sir Anthony Eden will arrive here Monday for talks with President Eisenhower.

Admits Boner In Endorsing Harper's Article

Secretary Says He Did Not Read Magazine or Letter

WASHINGTON (U.P.)—Secretary of Agriculture Ezra T. Benson today ignored increasing senatorial demands that he resign because he endorsed an attack on farmers. But he freely admitted he "pulled a boner."

As Democrats howled for his scalp, Benson said he was "sorry" a letter bearing his signature was sent to Harper's Magazine praising an article called: "The Country Slickers Take Us Again."

He said he had never before read the article or the letter. And he said it did not "in the slightest" reflect his views.

The article—written by Harper's editor-in-chief John Fischer—appeared in the magazine's December issue. The letter appeared in the February issue.

Habit of Handouts

Among other things, the article said farmers "got in the habit of handouts from the city dwellers" during the depression in the 1930's and now want the "dole" continued permanently.

Senators on both sides of the aisle exploded with indignation on the Senate floor Friday.

Sen. Hubert Humphrey (D-Minn.) demanded Benson be fired "now—this afternoon."

Hurried telephone calls were made from the capitol to the Agriculture Department. Benson, who had spoken on farm problems in Johnstown, Pa., the previous night had left his office to rest. His office staff refused to say anything. Reporters' knocks at his home were unanswered.

Shortly before dark and many angry Senate words later, Benson's office issued this statement from the secretary:

"The letter was sent into my office, but in the rush of my duties I did not see it. The acknowledgment was signed with my name by an assistant, Miller Shurtlett, who has authority for occasional routine acknowledgments. But as Secretary of Agriculture I must take the responsibility for this, and I do so.

"Of course, the article, as reported to me by members of my staff, does not in the slightest reflect my views. We pulled a boner on this one. I'm sorry."

Robert D. McMillen, assistant to Benson and generally known as his "right hand man," then gave reporters this explanation:

Late in November, Benson received a letter from Horace A. Knowles, public relations representative of Harper's. It read: "Dear Mr. Benson: Support for your position on the farm surplus problem is given by John Fischer, editor-in-chief of Harper's Magazine, in the December issue. I thought you might like to see a copy of his remarks."

McMillen received the letter with the article with a large amount of other mail to draft replies for Benson. McMillen didn't read the article or the letter. He divided the mail and gave a batch to his secretary, Mrs. Peter Slagsvold, a career Civil Service employee, to answer. Mrs. Slagsvold got the Knowles letter and the Fischer article.

Mrs. Slagsvold didn't read the article, but she wrote the letter to Knowles saying "it is excellent." McMillen initiated a carbon of the letter. The reply and the article were passed on to Benson's office for signature and mailing.

Both landed on Shurtlett's desk. Shurtlett didn't read the article. But he signed Benson's name to the letter and mailed it.

Northern Illinois Highways Slick

SPRINGFIELD (U.P.)—The Illinois State Division of Highways reported a freezing rain early today made state highways in the northern one-third of the state, except in Cook County, slippery with a thin coat of ice.

The Weather

Southern Illinois: Cloudy with rain or drizzle today, ending tonight. Sunday partly cloudy and colder. High today 44, low tonight 25, high Sunday 32. Monday partly cloudy with little change in temperature. Low Sunday night 20-25, high Monday 28-33.

BIBLE THOUGHT FOR TODAY

The Lord hath anointed Me
to preach good tidings.—Isaiah 61:1.
Those who have travelled in
heavenly lands can well under-
stand that our Bible faith is good
tidings indeed! It is no accident
that all non-Christian lands are
hungry and all save Japan filthy
and mostly ragged and vermin
ridden. Their solution to poverty
and vermin is to banish desire! We
are taught to desire the high-
est things, but not to stifle desire!

Illinois farmers recently have
been producing more than 250 mil-
lion dozen eggs a year, according
to a University of Illinois egg mar-
keting specialist.

FADING ART?—In this day of the mechanical milker, old-fashioned
hand milking may become a lost art. Anyway, so thinks 94-year-old
Lincoln Gwin, of Hagerstown, Ind. Here he's demonstrating the "do-it-
yourself" technique for his two-year-old grandson Barry Locke, whose
parents, Mr. and Mrs. Marvin Locke, look on. Gwin, in recent semi-
retirement, expects to celebrate his 69th wedding anniversary Feb. 17.

This Week at

DIXON SPRINGS
University of Illinois Experiment Station

(A round-up of the week's
work, activities, and observa-
tions at the University of Illi-
nois Dixon Springs Experiment
Station near Robbs in south-
ern Illinois, prepared by the
Station's staff.)

Silage as Only Roughage

We are often asked whether
cows, calves or sheep can be win-
tered with silage the only rough-
age fed. Some farmers have fed
that way, along with proper con-
centrate, mineral and vitamin sup-
plements. The drier the silage,
the easier it is to do. However,
it is generally difficult to get
enough silage into an animal to
satisfy the minimum daily dry-mat-
ter requirements without feeding
more grain than necessary.

An old rule-of-thumb says that
three pounds of silage is equal in
dry matter to one pound of hay.
Of course, hay may contain as
much as 10 to 15 percent of wa-
ter. Assuming hay to be 90 per-
cent dry matter, then silage would
have to be 30 percent dry matter

before the rule-of-thumb would hold.

George McKibben, forage crops
specialist, has been taking samples
from all the silos here on the Sta-
tion at weekly intervals, and he has
yet to find any of the silage run-
ning as high as 30 percent of dry
matter, even though some of the
crops going into the silos were
nearly mature. The highest dry
matter content found has been 28
percent, and the lowest, 20 per-
cent. At 20 percent, 4 1/2 pounds
of silage would have the same dry
matter as one pound of hay.

Calves Need Dry Matter
We have been trying to winter
some steer calves on this 20 per-
cent dry-matter grass silage alone.
They have been doing poorly. To
satisfy their need for dry feed-
ing, they have been eating their bed-
ding straw. These calves need at
least 10 pounds of dry matter a
head daily. To meet this mini-
mum, each calf would need to eat
50 pounds of silage a day. They
will not do it. And if the silage
were 30 percent dry matter, each
calf would have to eat 33 pounds.
Even this reduced amount would
be a waste of feeding.

The difficulties of feeding silage
as the only roughage became more
apparent when we tried to balance
a ration for ewes—one lot to get
corn silage and another grass si-
lage. A nursing ewe needs about
four pounds of dry matter daily.
Thirteen pounds of 30 percent dry-
matter silage or as much as 20
pounds of 20 percent dry-matter
silage would be needed to meet
her daily needs. The dry-matter
requirement for the ewes may be
met very easily by feeding 6 to 7
pounds of silage, 2 pounds of hay
and a little grain daily. So, ex-
cept for extreme circumstances,
it is impractical to attempt to win-
ter livestock with silage as the only
roughage. This is particularly true
if your silage is on the wet side.

Mulch Big Need For Transplant On Windy Slope

Windswept slopes, beautiful in
summer, are killers of trees and
shrubs in winter.

The exposed areas allow the wind
to blow away protective coverings
of snow, leaves and other mulches
and for frost to go deeper, causing
fatal injury to roots.

Transplanted trees and ever-
greens that need more water and
especially vulnerable, warns Homer
L. Jacobs, research director of the
Davey Tree Expert Co. Roots of
transplanted trees will grow
throughout the winter if the soil
is warm enough.

Deep freezing means the roots
can not get adequate water. This
winter drying becomes fatal in late
winter when ground is frozen to
greater depths and the covering is
insufficient.

Occasional sunshine increases
loss of water from leaves of ever-
greens, moisture which can not be
replaced from frozen ground. So
a protective root cover at this time
can prove important for the tree's
survival.

A mulch of hay, straw, peat moss,
sawdust, wood chips or even snow
will frequently help thaw out a new
layer of frozen earth. The ground
below the frost line contains a re-
serve of heat which may be suffi-
cient to thaw out frozen soil with
the addition of new mulch.

Perhaps mulching was forgotten
up to now. If so, it is not too
late to lessen the danger of winter
damage to roots of your favorite
trees and shrubs, particularly if
they're on open slopes.

Forced-air grain conveyors have
several advantages over mechan-
ical conveyors.

You can cut down on dairy feed
costs by using as much farm-grown
feeds as you can.

Sponsor Swine Improvement

Selecting high-quality brood sows
and boars is the first step toward
better pork.

To support this idea, livestock
extension specialists at the Uni-
versity of Illinois College of Agricul-
ture are promoting a project of
swine production and carcass test-
ing for Illinois swine producers.

In announcing this on-farm
selection program, specialists H.
G. Russell, G. R. Carlisle and D.
E. Walker predict that the result
will be swine that have high brood-
sow productivity, gain faster on
less feed and have a high carcass
value.

Producers who want to take part
in the project need to earmark and
record the birth and dates of
pigs in their good litters at far-
rowing time, the specialists say.
Purebred breeders should follow
the production registry and cer-
tification program outlined by their
breed associations.

Market hog producers should
follow the sow-testing program rec-
ommended by the Illinois Swine
Herd Improvement Association.
Acceptable standards are the all-
breed P. R. requirements of an
8-pig 320-pound sow litter and an
8-pig 275-pound gilt litter at eight
weeks of age.

To find rate and efficiency of
gain, you'll need to weigh your
pigs when they are between 160
and 200 days old. An acceptable
weight standard is 200 pounds at
180 days, or higher with good feed-
ing and management.

Acceptable standards for carcass
value are 1.3 inches of back fat
or less for a 200-pound boar and
1.5 inches or less for a 200-pound
gilt. You can probe all breeding
stock with either "Leanometer"
or a small metal ruler.

For full information about the
project see your county farm ad-
viser. Or write directly to the
Livestock Extension Office, 328
Mumford Hall, Urbana, Illinois.

SIU Country Column

By Albert Meyer

Ox warbles (or cattle grubs) are
showing up on cattle in the area
at this season of the year. When
the grubs begin to appear in the
skin along the backs of cattle it
is a sign of immediate treatment,
according to dairymen and livestock
specialists at Southern Illinois Uni-
versity.

The warbles are caused by the
larvae of the common heel flies
that bother cattle for a short time
during the summer. The flies lay
their eggs on the hair of the heels
and rear legs of cows. Sometimes
the flies frighten cattle, and farm-
ers may notice the animals run-
ning rather wildly for a few days
in the summer.

As the eggs hatch the young
larvae or grubs burrow through
the skin and live in the animal's
body, gradually working their way
to the back where they develop
into the common warbles notice-
able at this time of the year. War-
bles may cause some loss in milk
production but are more detrimen-
tal to the hides of beef cattle.
Unless checked by treatment be-
fore working through the skin, the
grubs damage the beef hide along
the back, reducing its quality and
sale value.

The adult fly is not easily con-
trolled or repelled, so the prac-
tical way to handle the situation
is to kill the grubs while they still
are in the backs of the animals.
Derris powder containing rotenone
is considered the best killing agent.
It may be brushed into the skin
along the animal's back when the
first grubs have cut a hole in the
skin prior to emergence. Equal
parts of derris and sulphur may be
used similarly.

A spray mixture of rotenone,
wettable sulphur, and water com-
bined at the rate of five pounds
of rotenone and 10 pounds of sul-
phur to 100 gallons of water is ef-
fective when applied at a pressure
of 250 pounds. This type of ap-
plication may be more satisfactory
when there are large numbers of
cattle to be treated because spray-
ing may be done quickly. Recom-
mendations call for repeating the
treatment at 30-day intervals for
two or three months in order to kill
most of the grubs.

For best results in controlling
cattle grubs community-wide treat-
ment is desirable. If all farmers
in a community will treat their cat-
tle the grub may be practically
eliminated in a few years.

Sign-Up for 1956 AC Program

All farm owners and operators
are reminded that sign-up for the
1956 Agricultural Conservation
program is now in progress. This
statement was issued by Herman
Driskell, chairman of the local ASC
committee.

This is the program, explained
Mr. Driskell, under which the gov-
ernment shares with farmers the
cost of carrying out various soil
conservation practices. Assistance
may be obtained for such benefi-
cial projects as the application of
lime and rock phosphate, the
construction of sod waterways,
drainage ditches, ponds, terraces,
pasture establishment, flumes and
chutes, land clearing, and green
manure seedings.

In all instances an official re-
quest for any of these practices
must be on file with the ASC com-
mittee before the practice is start-
ed.

Sign-up will continue until Feb.
17 so if you haven't signed your
request for cost-sharing do so at
once by calling at the local ASC
office in the city hall, Harrisburg.

SIU to Host Farm Bureau Youth Training School

CARBONDALE, Ill. — Southern
Illinois University will be host to
the 1956 American Farm Bureau
Federation's national leadership
training school for rural young
adults March 18-21, according to
the SIU Area Services Division.

Conducted by the AFBF's Young
People's committee, the school will
attract youth between 18 and 28
years from throughout the nation.
The program is designed to pre-
pare officers and state committee
members of Farm Bureau young
people's groups for more success-
ful direction of state and local pro-
grams.

The school's program is aimed
at helping young people and their
advisers. The schedule of courses
will include special sessions for
Farm Bureau field workers, educa-
tional agency personnel, interested
Farm Bureau members, and other
individuals concerned with young
adult programs.

A comprehensive program of in-
struction, recreation, and social ac-
tivities will be provided.

Drive Carefully when Roads Are Icy

Snappy weather calls for snappy
driving. Be sure your safety
arithmetic adds up right when
you're at the wheel, says O. L.
Hogsett, extension safety special-
ist at the University of Illinois
College of Agriculture.

Watch for road-surface condi-
tions, and add more following dis-
tance when it's slippery. Be more
prompt in applying brakes, and
add more distance for stopping.
Don't forget that your brakes,
lights, tires and windshield wipers
need special and regular atten-
tion during the winter.

Along with these special pre-
cautions, here are a few things
you should carry with you in the
car: a short-handled shovel or
spade, a tow rope or tow shair,
and a sack of dry sand. Also,
make sure your flares, markers
and skid chains are all ready for
duty. Carry a good flashlight and
an ice scraper to remove ice and
frost from your windshield.

MAKES HISTORY — World's
champion corn grower is 16-year-
old Lamar Ratliff of Baldwin, Miss.
He harvested 304.38 bushels of
corn from a single acre of land,
first person in history to achieve
such a tremendous yield. His feat
has been likened to cracking the
sound barrier, running the four-
minute mile or conquering Mt. Ev-
erest. He used an eight-year-old
mule to do the cultivating and grew
25,650 stalks of corn. Farm Jour-
nal, Inc., presented Lamar with
\$1000 for the feat. His father,
Paul, also got \$1000 for coaching
the young 4-H'er. Lamar above
displays two ears of his corn.

Farmer's Share Of Consumer's Dollar Shrinks to 38 Cents

WASHINGTON (U.P.)—The farm-
er's share of the consumer's dol-
lar shrank to 38 cents last month
—the lowest since 1940.

The Agriculture Department said
today the decline was caused by
sagging farm prices and rising pro-
cessing and marketing charges.

It said food processing and dis-
tribution costs averaged 2 per cent
higher in 1955 than in 1954. Prices
received by farmers declined 7
per cent.

Consumer food prices went down
only about 2 per cent, however, be-
cause two-fifths of the drop in farm
prices was offset by higher mar-
keting charges.

Steep slopes, land low in fertil-
ity and isolated corners cut off by
roads and ditches are areas where
trees will be profitable and help
save soil, says a University of Illi-
nois extension forester.

Cleaning Up The Wood Lot?

Shower Honors Mr. And Mrs. Harold Irvin
Saturday night a wedding show-
er was given at the Methodist
church basement in honor of Mr.
and Mrs. Harold Irvin. Mrs. Irvin
is the former Miss Beth Ann York.
Many nice gifts were received
from those present and from oth-
ers who were unable to attend.
Refreshments were served to the
following:

Mr. and Mrs. James Scates and
Mickey, Mr. and Mrs. Lester Up-
church, Mr. and Mrs. Milt Wesley,
Mr. and Mrs. Elton Tate, Mr. and
Mrs. Paul Fulkerson, Mr. and Mrs.
Alvin Ecklund and Danny, Mrs.
Elizabeth Bishop, Mrs. Lena Irvin,
Mrs. Nola McClerren, Mrs. D. T.
Comsart and children, Rosalie, and
Sue;

Barbara Ecklund, Herbert Ma-
thias, Mrs. Della Cain, Velma Bish-
op, Beverly Bishop, Dianne Mathi-
us, Annette Minor, Terry York,
Bill Fry, Barbara Skelton, Cecil
Brown, Mrs. Vivian Irvin and the
guests of honor, Mr. and Mrs. Har-
old Irvin.

There is a lot of illness in the
community and several were absent
from church services.

Opal and Darlene Goodson have
received word of the death of their
cousin, Miss Monta Burnam, daugh-
ter of Mr. and Mrs. Otis Burnam,
of Valier. Mrs. Goodson has been
confined to her home more than a
week with a severe cold and they
could not attend the funeral which
was held Monday at Valier.

Miss Teoria Greenfield is a pa-
tient in St. Louis hospital.
Grant Miller is a patient in Fer-
rell hospital in Eldorado.

Mrs. Gus Miller is a patient in
an Eldorado hospital.

Strip Tease Dancer Shoots Estranged Husband with Rifle

DALLAS, Tex. (AP)—Business was
"much better than usual" Friday
night at the strip tease act of Can-
dy Barr, who shot her husband
Friday morning on an apartment
stairs while she was
wearing only panties and a bra.

Al Weinman, owner of Abe's
Colony Club, wife, Miss Barr—her
real name is Juanita Dale Phil-
lips—takes off her clothes, admit-
ting the big increase in the crowd
was probably "curiosity seekers."

But he said they were well-
behaved and he didn't hear any
comment about her shooting her
husband, Troy Phillips, 35.

Weinstein and an attorney posted
Miss Barr's \$10,000 bond on an
assault to murder charge. She shot
her estranged husband with a .22
caliber rifle when he broke into
her room.

Phillips is in serious condition at
Baylor hospital. The bullet hit him
in the abdomen. Hospital attend-
ants gave him a good chance to
recover.

"I hope the poor devil lives,"
Miss Barr said. She is suing him
for divorce.

Husband of Ex-Woman Treasurer Fires at Robber

RICHLAND, Kan. (AP)—The hus-
band of the nation's first woman
treasurer fired four or five shots
early today in repelling a robbery
attempt, and the bullet-pierced
body of a man was found in a near-
by ditch at dawn.

The Shawnee county sheriff's of-
fice had no immediate identifica-
tion of the dead man.
Andrew Gray, former Boston
and Washington newspaperman, said
he shot at the outline of a man com-
ing up the stairs of the Gray home
after he and his wife were aroused
at 12:30 a. m. by their beagle dog,
Mamie.

Less than four weeks ago Mrs.
Georgia Neese Clark Gray, U. S.
treasurer under the Truman ad-
ministration, was routed from bed
by three young robbers and forced
to go and open the vault at her
Richland State Bank at gunpoint.
Those men escaped with nearly
\$2,000 from the bank and from a
cash drawer of the general store in
which the bank is housed.

Births

To Mr. and Mrs. Charles Grish-
am, 1009 South Ledford, a boy nam-
ed Charles Gregory, weighing seven
pounds, nine ounces, born Jan.
27 at the Harrisburg hospital. The
mother is the former Sally Dwyer.

Jean Rice, Miss Doris McIlraith and
Miss Mary Simpson, and from the
General Telephone office employ-
ees.

The Mother Thompson Unit
meets at Davenport Home.

The Mother Thompson unit of
the First Methodist church met
last Tuesday evening at the home
of Mrs. L. N. Davenport.

The meeting opened with the
group repeating "The Lord's Prayer"
in unison. Mrs. Harold Par-
ker gave the devotion entitled
"Changeless Gospel in a Revolu-
tionary Age." The lesson was
given by a guest speaker, L. N. Davenport, who talked on the "Gov-
ernment of the Church," taken
from the Methodist Primer. He ex-
plained the jurisdictional boundar-
ies and the organization of the lo-
cal church.

Present were Mesdames Jewell
D. Barter, C. Wayne Brown, Otis
Hickey, Robert Norman, Harold
Parker, Darrel Piper, John Schork,
Dick Schwartz, Hillis Stokes, Ken-
neth White, Ted Wolfe, the assist-
ant hostess, Mrs. James Hender-
son, and the hostess, Mrs. L. N.
Davenport.

Mr. and Mrs. Walter Small, Dy-
er, Ind., former neighbors of the
Beulah Kanady, visited her Friday
while en route home from a winter
vacation in Florida. Mrs. Kanady
left today to visit a brother in
Equality and then will go to Ev-
ansville to attend the wedding of a
niece.

Last Day to Withdraw Nominating Petitions

Today was the last day to with-
draw nominating petitions for the
April primary in the county clerk's
office and at 9 a. m. nobody had
withdrawn from any of the races,
including precinct committeeman.

Moscow Angles For New Talks With Eisenhower

Chances for Big Two Conference Considered Small

WASHINGTON (AP)—Officials
said today Moscow apparently is
angling for a new Summit meet-
ing between President Eisenhower
and Soviet Premier Nikolai A.
Bulganin.

It was understood the still-un-
disclosed Bulganin letter to the
President does not specifically re-
quest a Big Two conference. But
the intent of the letter is clear.

Officials declined to comment on
whether Mr. Eisenhower would
agree to meet with Bulganin this
year.

However, the chances of a Big
Two conference or a new Big Four
conference are considered small.

There is much against such a
meeting: The poor results of the
last Summit conference when the
smiles were put away and the for-
eign ministers got down to busi-
ness, the presidential election, Mr.
Eisenhower's health.

Also, it is considered most doubt-
ful that the United States would
agree to talks alone with the So-
viet Union.

That would play right into the
Russians' hands. They want to
split the United States away from
its allies.

Little could freeze American re-
lations with Great Britain and
France more than to meet with
the Soviet Union without them.

Mr. Eisenhower and other U. S.
leaders have given no indication
they would look at all with favor
on the prospect of either another
Summit meeting or a foreign min-
isters meeting.

The President was asked about
the possibilities twice last week
at his news conference.

He said he wasn't even sure
anyone had suggested another Big
Four foreign ministers conference.

And when asked about Bulgan-
in's recent statement that another
Summit meeting might be "fruit-
ful," Mr. Eisenhower said coolly:
"That is one I missed. I haven't
heard that one yet. I haven't any-
thing to say about that."

Eisenhower to Register to Vote In Pennsylvania

HARRISBURG, Pa. (AP)—Pres-
ident Eisenhower's state represent-
ative said today the Chief Execu-
tive plans to register as a Penn-
sylvania voter before the March 5
deadline.

Adams County Republican Fran-
cis Whorley wrote the President
last week offering to escort him
and Mrs. Eisenhower to the county
courthouse in Gettysburg.

Whorley said Mr. Eisenhower
wrote in reply:

"Dear Mr. Whorley,
"Thank you for your letter of
Jan. 20 with its information con-
cerning the period of registration
at the Adams County courthouse.
Mrs. Eisenhower and I will, of
course, take an opportunity to re-
gister before expiration of the ap-
propriate period."

"We deeply appreciate your
courteous suggestion that, as the
Adams County member in the
House of Representatives at Har-
risburg, you should escort us to
the registration office."

"I assure you that as soon as
we can fix a date for such regis-
tration I shall inform you promptly
so that we can perhaps meet at or
near the registration office and
visit it together. With renewed
thanks,
"Dwight D. Eisenhower."

"We will, of course, take an opportunity to register before expiration of the appropriate period."

"We deeply appreciate your courteous suggestion that, as the Adams County member in the House of Representatives at Harrisburg, you should escort us to the registration office."

"CHEERFULNESS IS HEALTH, MELANCHOLY IS DISEASE."

Be of good cheer. It is no longer necessary to be melancholy because of fear of any disease or sickness. Our prescription department has all the old reliable remedies, and many new weapons to help you in your fight for continuous health.

Local Physicians know that we carry a complete stock of medicines. Should you ever have occasion to visit a physician while away in another city, please inform him that no matter what he may prescribe we can compound his prescriptions.

YOUR PHYSICIAN CAN PHONE 177 WHEN YOU NEED A MEDICINE

Pick up your prescription if shopping near us. A great many people entrust us with the responsibility of filling their prescriptions. May we compound yours?

Tips on Traffic Safety

By CHARLES F. CARPENTIER
Secretary of State

During the winter, motorists are given numerous tips on how to bring a vehicle to a safe stop in as short a distance as possible on snow and ice. Perhaps some help in assisting drivers to start would be helpful at this time.

EASY ON THE ACCELERATOR

An automatic transmission or a fluid clutch aids tremendously in accelerating gently and smoothly. If the vehicle you drive has overdrive or is the dual range type, leave it in "low range." Such action will allow you to handle your car steadier with less shifting.

Be sure you start slowly and then steadily accelerate. This type of acceleration should be used in the summer as well as in the winter.

And don't forget the value of tire chains. Chains give four to seven times more starting and climbing traction ability.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

Bus Driver Dies of Heart Attack; Safety Record Kept Intact

UNION CITY, Tenn. (AP)—Bus driver Larry W. Austin kept his one million-mile safety record unblemished to the end.

Austin, 42, did not feel well when he pulled in on a run from Evansville, Ind., Friday, but after seeing a doctor he decided to continue his trip to Memphis with a load of passengers.

Two blocks from the station he pulled his bus carefully to the side of the road and slumped over dead of a heart attack, his safety record intact.

Judge Overrules Motions to Dismiss Connelly Indictment

ST. LOUIS (AP)—Motions for dismissal of a conspiracy indictment against Matthew J. Connelly and attorney Harry I. Schwimmer in the Truman-era tax scandals were overruled Friday.

Federal Judge Ruben M. Hulien set May 7 as the tentative date for trial after both defendants pleaded not guilty to charges of conspiring to try to fix an income tax evasion case.

Postponed until Feb. 3 were arguments on motions by former Atty. Gen. T. Lamar Caudle, a third co-defendant, who sought dismissal of the indictment, a change of venue and other rulings.

ONLY A GAME

This little girl is playing only a game . . . a childish little game called blind man's buff. Any time she wants to, she can whip off that blindfold in the twinkling of an eye.

But . . . suppose she couldn't? What if she were forced to keep her blindfold on forever?

There are many places in the world today where people are blindfolded, mentally and spiritually, and where they are denied one of the greatest of all freedoms . . . the freedom to worship as they will. We, who have that freedom, should guard and cherish it. For ours is the right to be enlightened.

If we don't go to Church, if we refuse to remove our own spiritual blindfolds, we have no one but ourselves to blame. Put on a blindfold, and see how it feels. Imagine what it would be like to wear it forever, over our eyes, our minds, our souls. Then, next Sunday, go to church—and find out what it really means to see!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday . . . Job	28	12-28	
Monday . . . Isaiah	11	9	
Tuesday . . . Zechariah	8	1-8	
Wednesday . . . Matthew	15	1-20	
Thursday . . . Luke	7	24-35	
Friday . . . Philippians	1	12-21	
Saturday . . . Jude	1	17-25

'God's Concern For Sinners'

LUKE 15:1-10
GOLDEN TEXT: "For the Son of Man is come to seek and to save that which was lost." (Lk. 19:10)

INTRODUCTION—What if your child, or the one you love most in all this world were lost in a dense forest? What would you do? Would you be at all concerned? You say, "What a foolish question to ask. Certainly, I would be concerned! I would do everything within my power to save my child, or my loved one, from such fate."

Sure you would. In fact, I knew your answer before I asked the question. But, listen to this: If that loved one of yours is lost spiritually, his condition is ten million times worse than if he were lost physically! Why? Because spiritual loss is for eternity. I never ends!

Now, let me ask: "What are you doing to rescue that child, or loved one, from spiritual loss? Remember, he will live somewhere, after this life, forever and forever. Jesus said in our golden text: 'The Son of man is come to seek and save that which was lost.'"

NO HOPE FOR THE LOST (17:8)

Here we have the parable of the lost sheep and the lost coin. The sheep was lost and could not help itself. The coin was lost and could do nothing to help itself to be discovered.

The publicans and sinners were lost and realized it. They did something about it. They came to Jesus. The scribes and pharisees were lost and did not realize it. They did nothing about their lost condition. Therefore, they remained lost.

The shepherd is not satisfied nor content if one of his sheep is lost. It makes no difference to him that all the rest are safe within the fold. As long as one is lost, he is discontented. Sunday school teachers, you may have a large class present on Sunday, but what about those who are not present? What about the one who is lost? Do you are enough to go out after that one?

II SEEKING COSTS SOMETHING (VV. 4-9)

To win that lost loved one may mean that you will have to lay everything else aside for a while. You may have to concentrate all your efforts on the salvation of that one. I know a man who sold his business and his home about a year ago, and he devoted about three

months to the salvation of his twenty-three-year-old son. It was costly, and it was a hard battle, but he won! Today, he and his son have started all over again. They are partners with God in a new business venture. They will make good.

It cost God something to provide the plan of salvation for you and me. It cost Him his Son. It cost Jesus something to become the ransom for our souls. It cost Him His life. Why should it not cost us something?

III JOY IN SALVATION (VV. 5-7; 9-10)

Notice the rejoicing that took place when the sheep and coin were found. The shepherd called all his friends. The woman called in her neighbors when she found the coin. Why? Because they wanted their friends and neighbors to share in the joy. Is this not the natural thing to do? Recently a man was won to Christ. Immediately he let it be known. Friends and neighbors have been calling for days expressing their joy.

Best of all there is always "joy in the presence of God and the angels" over every sinner that repents.

CONCLUSION—Jesus "came to seek, and save that which was lost." He lived and died and rose again for that purpose. He depends upon His followers to spread the gospel (good news) story today.

"Must I go and empty handed. . . Thus my dear Redeemer meet Not one day of service give Him, Lay no trophy at His feet?"

Oh! ye saints, arouse, be earnest. Up and work while yet 'tis day; Ere the night of death o'er take thee, Strive for souls while still you may."

Shawneetown, Ridgway, Equality Win Greater Egyptian Loop Tilts

A three-game slate in the Greater Egyptian conference Friday night was featured by unbeaten Shawneetown taking its 21st decision of the season.

It was a great night for the Galatin county schools. All three—Shawneetown, Ridgway and Equality—were on the winning side of the ledger.

Shawneetown beat Rosiclare 67-51, Ridgway edged out Vienna 54-53 and Equality took Cave-in-Rock by a score of 63-59.

"We played our best game of the season," declared Shawneetown coach Darwin Valtier in discussing their game. "Our passing was sharp, defense good and our fast break worked fine," he continued.

The one weak spot last night in the Shawneetown offense was at

the free throw line where only 11 of 27 were made.

Shawneetown was without the services of Ted Coleman, who was hurt earlier this week and will be out of action for about 10 days.

Ridgway won its second conference game of the year by taking a one-point decision from highly regarded Vienna, 54-53. The losers were without the services of Yandell, big center, which probably slowed them some. However the Ridgway team was "up" for the game and played one of its best games this year.

The rebounding of Lawler was a major factor in spurring Ridgway to the win.

At Equality the home club beat Cave-in-Rock 63-59. It was Equality's third conference victory and second over Cave-in-Rock.

Equality, paced by Terry Glover's 22 points, led all the way.

ALL CHAMPS

Hialeah (NEA)—Nashua is housed at Hialeah Park in the same stable with the champion fillies, High Voltage and Misty Morn.

Small Acreage

There are approximately 180,000,000 acres of land in the continental United States under U. S. forest service jurisdiction, or slightly less than one acre per citizen.

ONE OF MANY—"Big Ollie" Rollins of Carrier Mills goes high to get off another successful shot at the basket as Carrier Mills won from Galatia 86-58 Friday night. Rollins had a big night in the scoring department, rolling to 48 markers, setting a new tournament and Davenport gym record. Others shown are Galatia's Elbert Cantrell (11), Gene McFarland (33), Bud Hankins (12), Ron Gray (13) and Larry Manker (55). Carrier Mills players shown in addition to Rollins (45) are J. C. Storms (40) and Vern Rollins, back of Manker. (Register Staff Photo)

Babe Zaharias To Leave Hospital

GALVESTON, Tex. (AP)—Babe Didrikson Zaharias, the world's greatest woman athlete, was scheduled to be released from John Sealy Hospital today after winning the third round of her fight against cancer.

Dr. Grace Jameson said she "recovered" from the leg and hip pains that sent her to the hospital last fall for the third time.

How much golf she can play, Dr. Jameson said, is a "matter of time. I imagine she will play a little golf but she shouldn't strain her legs or have too much strenuous exercise."

Regent's Park zoo, in London, in a 34-acre area, holds 7000 birds, beasts, and fish.

Russia Takes Commanding Lead in Olympics with Two Gold Medal Victories

CORTINA, Italy (AP)—Russia pulled away to a commanding lead in the 1956 winter Olympic games today with a world record performance in 500-meter speed skating and another gold medal victory in the women's 10-kilometer cross-country ski race.

Evgeniy Grishin, 28-year-old Russian jeweler, shaved six-tenths of a second off the last world 500-meter speed skating mark when he raced to victory in 40.2 seconds on Lake Misurina. He had skated the distance in the same time last Sunday but the feat was disallowed because of a technicality. Today's mark is expected to be recognized.

Lubov Kozyreva earlier had provided Russia with its first gold medal in this year's classic by winning the 10-kilometer (6.2 mile) women's cross-country ski race. The hardy 37-year-old blonde made her way over the undulating course in 38 minutes and 11 seconds.

Lamberto Dalla Costa, a daring Italian air force jet pilot, during his two-man bobsled to victory and provided his nation with its first gold medal in an event marked by a freak accident to brakeman Ed Seymour of the N. 2 American sled.

Seymour, who comes from Rochester, N. Y., suffered a dislocated ankle and severely torn ligaments in his right knee when the sled driven by Art Tyler struck a deep rut in the Crisallo curve and his leg was wedged against the sled shell.

For the second straight day American entries fared poorly. The best U. S. placing in the speed skating was a sixth by Bill Carow of Madison, Wis., despite the fact that he set a new American record of 4:18.

In bobsledding, the team driven by Bud Washbond of East Hartford, Conn., placed fifth, while Tyler's sled was sixth.

The Soviet triumphs in speed skating and cross-country skiing, in addition to second and fourth placings in both events, gave them a harvest of 36 points for today in the unofficial team standings. Russia's two-day total of 46 points was more than triple that of its closest rival. Italy and Finland were tied for second with 15 points.

Looking at Sports

BY BILL MELTON

Received a note in the mail this week stating that Donald Wallace is enrolled in a baseball school in Florida. The school faculty includes a couple of former big league hurlers—Walter "Boom Boom" Beck and Pete Appleton.

Wallace played basketball and baseball in high school and graduated from the HTHS with the class of 1953.

He has hurled with the Legion and other clubs in this area the past year or so.

John Romonosky, who pitched for Los Mochis in the Mexican league this past winter season, finished a week or so ago when the regular schedule was completed.

Los Mochis didn't make the playoffs, but John had a good season and could have played with Navojia in the championship play-offs. Teams finishing out of first division released their players with the end of the season and the teams in the playoffs eagerly gobbled up the standout players to add strength to their teams in the championship playoffs.

A release from the Mexican league says... "Navojia tried to sign John Romonosky. Los Mochis pitcher, for the play offs, but he said he wanted to go home instead."

If Don Wallace is signed to a contract, that means that at least four Saline county players will be in organized ball this spring and summer. Romonosky belongs to Houston, Texas League St. Louis Cardinal farm team. Don Sout, Harrisburg, reports to a Card spring training camp next month.

And Fred Williams, Carrier Mills, has signed a contract and will report to a Detroit Tiger farm spring training camp.

Reports began to circulate through local area basketball circles early this week that Paul Peeler, high scoring center at West Frankfort, had quit school and enlisted in the Air Force. Latest reports are that Peeler did quit school, but was turned down for enlistment in the Air Force. Peeler's status is unknown. If he isn't available for the remainder of the season WF Coach George Lubert has a big job filling the center spot. And tourney time is rapidly approaching.

The ninth annual National High School All-American football team has been released. Taking part in the poll to select the teams were 1,305 sports writers, 992 broadcasters and 290 telecasters.

Only one player from Illinois is included on the first seven teams. Rich Brooks, East St. Louis, is named an end on the second team.

Here's a baseball item that was first used by the St. Louis Globe-Democrat (I think). Thought it was good enough to pass on.

The question is this—Is it possible for a pitcher to hurl a no-hit game and the batters of the opposing team to not lose points in their batting average?

It has happened—and in the big leagues too.

In 1940 Cleveland's Bob Feller pitched a no hit game against the Chicago White Sox and not a Sox batter lost a point in his batting average.

It happened on the opening game of the season.

The Sox batters started the game with a .000 average and ended with the same .000. Didn't lose a thing.

Wildcats Beat Galatia, 86-58; Locals Trip Eldorado Eagles 67-57

Carrier Mills, winner over Galatia last night, and Harrisburg, victor over Eldorado, meet tonight for the championship of the Saline county tournament in a tilt set for 8:30 in Davenport gym.

The two losers will play for third place at 7:00.

Both the Wildcats and Bull Dogs won clear-cut victories. Carrier Mills winning from the Bearcats, 86 to 58, and Harrisburg taking the Eagles into camp, 67 to 57.

Carrier Mills, with big Oliver Rollins making 48 points to break the Davenport gym scoring record set by Archie Dees of Mt. Carmel in 1954, had to overcome an early Galatia lead to come out on top. Dees, now first string center at Indiana university, compiled 46 points in the sectional tourney here in 1954 against Anna-Jonesboro. Galatia Takes Early Lead

Harrisburg took a comfortable first-quarter lead and was never headed.

In last night's first contest Galatia, driving fast, scored the first eight points of the ball game. Then Carrier Mills scored the next 12 to go ahead, 12-8 and was never headed, although the Bearcats showed some flashes that indicated they might close the gap.

Besides Oliver Rollins' sensational shooting, which ran his total to 2,169 for his high school career, the rebounding of his big sophomore brother, Vern, stood out in the opener. Vern also sank 11 out of 13 free throws.

Ronnie Gray, Larry Manker and Gene McFarland showed lots of speed for Galatia, but the team could not cope with Rollins. In the latter stages of the game, when it looked like big Oliver might set a record, his teammates came to his rescue and fed him the ball to give him opportunity to beat Dees' mark.

Carrier Mills led 18-14 at the quarter, 40-32 at the half and 59-43 at the end of the third period in winning the game.

Locals Lead 35-21 at Half

In last night's nightcap Harrisburg played fine ball except in the last quarter, when lack of caution showed a commanding lead. Fine work under the boards put the locals 'way out in front.

The locals, working the ball well against the Eldorado zone, took a 20-13 lead in the first quarter as Jack Wright and Wayne Stone, starting forwards, and center Ron Williams, did some very nice work under both baskets.

Local superiority continued in the second quarter, with Bennie Fulkerson sinking three baskets from out over the Eldorado zone, and at halftime the Bull Dogs were ahead, 35-21.

In the third quarter the locals kept out in front as they outscored the Eagles for the third straight period, and as the frame ended the score was 53-35. With six minutes and 20 seconds left in the game Harrisburg was ahead by 21 points—53-37.

Lovellette High Scorer

From there on out, with Eldorado using rushing back court tactics, but failing back into a zone in the Harrisburg front court, the Bull Dogs began losing their fine lead as they began missing their shots and Eldorado began connecting better.

Opposite Flows

The fact that the blood in their gills flows in one direction and the water in another, enables fish to utilize the oxygen in water most efficiently.

Most earthquakes occur beneath the sea.

SIU AFROTC QUEEN — Sherry Craig, 18-year-old freshman from Pinckneyville, was crowned queen of the Southern Illinois University AFROTC wing at the fifth annual Military Ball Friday night. An elementary education major, Sherry succeeds Pat Bruce, Fairfield junior and former Miss Illinois, as honorary cadet colonel. She will reign over all activities of the detachment during the next year. Attendees to the queen were Marilyn Eckert, Herrin; Kay Sue Eadie, Vandalia; Marilyn Rains, West Frankfort; and Joyce Hastings, Carbondale. The queen was selected by vote of the 1,200 members of the SIU cadet corps.

Pinckneyville Easily Beats Centralia, 81-57

Herrin Tops Johnston City, 58-49, In Tourney Play

By United Press
Galesburg, Streator, Alton and Cumberland absorbed defeats in Illinois high school basketball play Friday night.

Rock Island handed Galesburg its second loss against 12 victories by an 82-79 margin. Galesburg's only previous loss was to Moline. Rock Island, which has lost five times, reversed an earlier one-point loss to Galesburg.

Streator, which has won five in a row and lost only three times this season, fell before Peoria Central in a top Big 12 Conference clash, 63-45.

Edwardsville (12-5) knocked Alton out of a three-way tie for Southwestern conference leadership with a 73-60 win. Edwardsville was ranked ninth and Alton 15th in the United Press ratings.

Pinckneyville gave Centralia a bad whipping 81-57 in the Salem invitational tournament. Salem trounced Lawrenceville 65-54.

In the Pyramid tournament Herrin, ranked fourth in the state, bested Johnston City 58-49. West Frankfort topped Marion 64-62 in the other game.

Mt. Vernon (14-2) easily trounced Benton 72-52 in a South Seven conference game.

Rockford West, ranked the state's top team, smashed Aurora West 91-49 in a Big Eight conference game. In the rest of the conference, Elgin outclassed Freeport 90-65, La Salle-Peru jarred Aurora East 80-64 and Rockford East rolled past Joliet 87-72.

Cumberland had won 39-51 in the Eastern Illinois conference headline. Cumberland's only loss this season had been suffered in the East St. Louis tournament.

Cumberland had won 32 straight Eastern Illinois conference games. Its last conference loss was to Paris in 1954.

Quincy, ranked 10th in the state, downed Springfield 56-51.

Springfield Lanphier cooled off Decatur Lakeview 72-62, giving Lanphier a 12-2 season record.

Washington's twice beaten Panthers got back on the winning track with an 80-52 win from Dunlap.

Pekin nosed out Canton 52-50 in a clash of old rivals. Shawneetown ran its all-winning streak to 21 with a 67-51 victory over Rosiclare.

Jacksonville nearly pulled the night's upset in a ball-control game against Collinsville, but lost to the Kahoks 32-31.

4 Home Games on SIU Grid Schedule

CARBONDALE, Ill. — Southern Illinois university will open its 1956 football season with a home game against Illinois Wesleyan of Bloomington Sept. 22.

Four home games are among the nine tilts slated. In addition to six conference foes, SIU will play Washington University, Bradley, and Illinois Wesleyan.

Complete schedule: Sept. 22 — Illinois Wesleyan, home; Sept. 29 — at Central Michigan; Oct. 6 — at Bradley University; Oct. 13 — at Eastern Illinois; Oct. 20 — Michigan Normal, home; Oct. 27 — Western Illinois (SIU Homecoming); Nov. 3 — at Washington University; Nov. 10 — Illinois Normal, home; Nov. 17 — Northern Illinois.

Washington Grid Coach is Fired

SEATTLE (AP)—Johnny Cherberg, who couldn't win friends and influence his players, was fired Friday night as University of Washington football coach.

Athletic Director Harvey Cassill lowered the boom on Cherberg after 70 per cent of his squad turned against him. The ouster was effective immediately.

The controversy over him has raged openly since last November when 35 players, many of them first-stringers, asked Cassill to fire their coach, because of his "tyrannical coaching methods."

Eldorado's big Lin Lovellette was high scorer of this contest with 26 points. Stone was high for Harrisburg with 18, followed by Fulkerson's 15. There was lots of fouling, 25 being called against Harrisburg, 21 against Eldorado.

For the championship tonight Harrisburg will be meeting a team that beat the Bull Dogs by 60 points, 109-49, at Carrier Mills in December. With Rollins in a ball game, the Wildcats are hard to hold down. In a previous contest on Jan. 7, Eldorado beat Galatia 59-49.

A crowd that nearly filled the gym was on hand for last night's first round games.
